

Planning Commission Meetings – 2022

CITY OF COLTON
Development Services Department
Planning Division

The following are the dates of the regular meetings of the Planning Commission, which are held on the **second and fourth** Tuesday of each month at **5:30 p.m.** in the City Council Chambers located inside City Hall at 650 N. La Cadena Drive, Colton, CA 92324, unless otherwise posted. When required by county or state public health requirements, in person attendance may not be possible. In this case, the Planning Division will post on-line meeting links for public participation. Each agenda and City Website provide instructions for members of the public who wish to provide comments on agenda or non-agenda items. *As of January 2022, meetings will be held in person, and comments via telephone or zoom will not be available.*

Planning Commission meeting agenda packets are available for public review no later than the end of the day on the Thursday the week before the meeting online on the city's Development Services Department ***Planning Commission, Neighborhood Meetings and Public Notices*** Webpage: <https://www.ci.colton.ca.us/785/Planning-Commission-Meetings-Neighborhood>

An agenda is also available for review at the following locations: (1) Reception Counter - City Hall - 650 N. La Cadena Drive, Colton, CA 92324 and (2) Development Services Department Permits Counter - 659 N. La Cadena Drive (at the Civic Center Annex Building across the street from City Hall), open Monday through Thursday from 7:30 a.m. to 5:00 p.m.

Below are deadlines for application filing and the corresponding earliest possible staff-level Application Review Committee (ARC) meetings; the ARC meetings are not open to the public. A Planning Commission public meeting **may** be held on the corresponding date shown below if no additional items, including meeting the criteria below, are required for consideration of an application.

1. The submittal requires no additional information (including revised plans) to deem the application complete in accordance with Permit Streamlining Act timeframes (after application review by City departments).
2. The application is exempt from the California Environmental Quality Act (CEQA) - i.e. does not require an Initial Study to assess potential environmental impacts.
3. The application does not involve applications (such as conditional use permits or variances) that require public noticing (newspaper and/or mailing) beyond the meeting agenda. *(If noticing is required and the other assumptions are met, the Planning Commission meeting may be deferred to the next available meeting date.)*

Be advised that on certain dates (shown in **boldface** type), meetings have been moved due to the closure of City offices for holidays.
