

Instructions for Business Occupancy Permit (BOP)

CITY OF COLTON - Development Services Department

PHASE 1: Zoning Clearance/Building Review. Contact the planner on duty (“POD”) in person, email: planning@coltonca.gov, or phone (909) 370-5079, to discuss your proposal. If the use may be allowed, discuss the submittal requirements for the BOP. Submit the BOP application at the Development Services Department Permits Counter open Monday through Thursday 7:30 am to 5:00 pm for Zoning/Building clearance (no fee charged at this step). **Please confirm whether the electrical utilities, if any, are on at the location.** All proposals that require a business license, including those for property ownership and/or management, require a BOP, unless determined that a BOP may be waived through a BOP waiver (“BOW”) application.

Inspections. After receiving zoning clearance/building review, pay the fee of \$250 for inspections and obtain your BOP Number. The applicant may contact Customer Services (Utilities) at City Hall to request a temporary (30 day) service connection.

When the space is set up, but prior to opening for business, please email the following address to be placed on the inspection schedule: bop@coltonca.gov. Please include the BOP Number and Address in your email. To schedule an inspection on a Thursday, please submit your request no later than Wednesday, 5:00 pm. In the email please include address and BOP number in the subject line – indicate first inspection and if re-inspection indicate which department you would like to call out for an inspection. Thank you.

Scheduling. Inspections are scheduled each Thursday, 2:00 to 4:00 p.m.

Day of Inspection. The applicant and/or property owner representative must be present onsite during the inspection window. The site must pass all inspections and obtain a business license within 30 days, or the BOP application expires and the utilities may be shut off.

Extension of BOP Request. Applicant may request up to 30-day extension of BOP with payment of \$250 extension fee. To check the status of the BOP, you may email us at bop@coltonca.gov or call the Development Services Department general line: (909) 370-5079 (BOP Number must be provided).

Department/Division	Typical Items Inspected
CODE COMPLIANCE Information: (909) 370-5114	<ul style="list-style-type: none"> • General Site Improvements • Exterior Painting (if needed) • Illegal Signage • Address on building/site & provision of 2-3 after hours emergency contacts • Compliance with all certifications, registrations, or licenses as required by law. • Electric gates (E-key system and Knox emergency access device). • Exterior lighting and security devices are operating and maintained. • Trash enclosure • Parking, striping, wheel stops • Landscaping (if needed)
ENVIRONMENTAL COMPLIANCE (909) 370-6128	<ul style="list-style-type: none"> • Water Pre-Treatment (if applicable) (Public Works Department Number: 909-370-5065)
WATER & UTILITIES (909) 370-6164 John Ahearn	<ul style="list-style-type: none"> • Backflow Device inspections, if applicable, are scheduled separately by appointment: Public Works Department Number: 909-370-5065
PLANNING Information: (909) 370-5079 Or planning@coltonca.gov	Compliance with Zoning Code, including parking, path of travel (exterior), signage, and compliance with conditions of approval.
FIRE DEPARTMENT Ray Bruno, Fire Marshal Information: (909) 370-5553	The Fire and Life Safety Inspection is based on the occupant’s use of the building/space. <u>Please be completely “set -up” prior to the inspection.</u> Common inspection items may include but not be limited to: <ul style="list-style-type: none"> • Address on the front and the rear of the occupancy. • Portable Fire extinguishers – Annual Service. • All Fire Code / Life Safety Code compliance issues based the type of use/occupancy

Department/Division	Typical Items Inspected
BUILDING DIVISION Information: (909) 370-5079 Or building@coltonca.gov	<ul style="list-style-type: none"> • Electrical outlets, switches and lighting covers are in place and in good condition. • Circuit breakers are labeled and rated correctly. • Maintain mechanical heating vents and combustion air criteria. • All Building Code violations are corrected/repaired. • Any improvements completed without a building permit. • Consult the Building Official for disabled access requirements, including path of travel (interior) • Applying for a BOP does not permit you to perform construction or make any tenant improvements. • Inquire about your proposed usage, as some restrictions may be applicable when locating adjacent to an existing, more restrictive occupancy.

PHASE 2: Business License Application. After all BOP inspections are passed and the BOP is “approved”, please submit a Business License Application form, with fee (which is separate from the BOP fee), at the Development Services Department, Business License Division at (909) 370-5079 so that the “BOP” is issued. Please note that if an existing business is being taken over, a new business license cannot be obtained until the previous owner has closed their license.

HAZARDOUS WASTE QUESTIONNAIRE

A building permit or final business occupancy permit will not be issued unless the requirements of the Department of Environmental Health Services (DEHS) and the Air Quality Agency have been satisfied or are in the process of being satisfied. All applicants of non-residential building permits and/or business occupancy permits shall be required to complete this form as part of the application requirements (tenant improvements included.)

_____ YES _____ NO Will the applicant or future occupant of this facility, during any time of operation, handle, store, use, generate or manufacture a hazardous material or hazardous waste in any quantity above ground or underground? If "yes," contact:

San Bernardino Dept. of Environmental Health Services (DEHS) at 385 N. Arrowhead - 2nd FLOOR, Public Counter San Bernardino, Ca 92415-0160 - (909) 884-4056

_____ YES _____ NO If "yes" to the above, is the facility property line within 1,000 feet of a "school/proposed school" property line? (Note: "school" may include licensed day care centers).

If "yes" to any of the above, obtain proper permits from the South Coast Air Quality Management District or Local Air Quality Agency, if required. If air permits are required, provide a written statement from Air Quality Agency.

A final Business Occupancy Permit will include DEHS sign-off when applicable.

Business Owner's Certification

I hereby certify that I am the prospective business owner (applicant) for this application and that the preceding statements are true.

DESCRIPTION OF INDUSTRIAL PROCESS ACTIVITIES

Provide a brief description of industrial process, manufacturing or activities performed on the business site: _____

Building is: ___ New ___ Existing

If existing, is there a current Wastewater Discharge permit held with the City of Colton?

___ Yes ___ No ___ Unknown If yes, provide Permit No.: _____

Check the appropriate answer:

Yes	No	Will Water be discharged to the sewer from sources other than restrooms, hand sinks, air-handling equipment or condensate sinks?		
		Are floor drains installed in any production or material storage areas?		
		Are, or will, any solvents or hazardous materials be used or stored at the property?		
		Is there any treatment planned for wastewater, prior to discharge to the sewer?		
		Will this facility operate one or more of the following processes? If yes, please indicate each that is appropriate:		
		___ Auto/Truck Service or Repair	___ Photo/X-Ray Processor	___ Car/Truck Wash
		___ Printing Operations	___ Food Service/Kitchen	___ Material/Equipment Washing
		___ Industrial/Commercial Laundry	___ Wastewater Treatment	___ Process Wastewater

If the answer to any of the above questions is Yes, you must submit plumbing (riser) plans for review by the Environmental Compliance Division of the City of Colton, prior to obtaining Building Permit. Requirements may include a Wastewater Treatment Permit, pretreatment facilities, or monitoring provisions. Initial release will be given once these items have been addressed in the plans. Please be advised, that plans must also be reviewed and approved by the Water and Wastewater Divisions, prior to obtaining a building permit.

Signature required by person submitting survey,

I, the undersigned, state that the above answers are true and correct to the best of my knowledge.

Signed: _____ Date: _____
